

WICHITA STATE UNIVERSITY

Graduate School

September 5, 2001

Kosuke Ishikawa
4000 E 17th St N Apt 657
Wichita, KS 67260

Dear Kosuke,

Your application for admission to Graduate School has been reviewed. I am pleased to tell you that based upon your qualifications you have been admitted to the Master of Science in Aerospace Engineering Program, effective Spring 2002. In order for your admission to remain valid, you must enroll and complete at least one course as a graduate student within one calendar year of the effective date of this admission.

Your admission status is Full Standing, which means that you have met all of the admission requirements for this program of study.

Your admission is also Tentative and will be final upon our receipt of two official transcripts showing the award of the degree you are presently pursuing. This office will confirm degree completion for current WSU students. Students attending other institutions must submit these transcripts no later than the third week of classes of the admission semester in order to clear their tentative status. Failure to clear a tentative status will result in the administrative cancellation of your graduate status and possible financial penalties if you have enrolled in coursework.

Dr. Kamran Rokhsaz, 316-978-3410, has been designated as your advisor. It is important that you contact your advisor regarding course selection, program requirements and admission status.

As a graduate student, you will be expected to take responsibility for your individual program of study. You will find the *Graduate Bulletin* to be an important source of information in this regard. Upon completion of your current degree and the clearing of your tentative status, I invite you to stop by the Graduate School office, located on the first floor of Jardine Hall, to receive an initial complimentary copy of the current bulletin.

Welcome to your new program!

Sincerely,

Susan K Kovar
Interim Dean
